

AHD-3724AW

1MP Dome AHD Camera Middle IR Distance

Main Features

- High-performance 3.5-inch, 1.0M (1280x720 pixels) CMOS
- BNC interface, support for the general class of coaxial
l lossless transmission of up to 75-3 500 meters;
- Lens 3.6 mm
- IR Distance 20-25M
- Support AHD HD and SD analog switch output;
- Support IR-CUT switch, realize the day and night Monitor;

Specification

Model	AHD-3724AW
Main Sensor	High-performance processor
Image sensor	1/4" CMOS image sensor
Effective Pixels	1280 X 720
Video Standard	Follow AHD and CVBS Standard
Video System	PAL/NTSC optional
Video Output	1CH AHD HD / CVBS Standard signal output (adjustable)
Video Frame Rate	PAL : 1280x720@25fps NTSC : 1280x720@30fps
Transmission Max Distance	Common 75-3 coaxial cable transmission of more than 500 Metres
Day-Night	Support the IR - CUT Automatically Switch
Infrared Lamp	24 LED
IR Distance	20-25M
Lens	3.6 mm
Mini Illumination	0 Lux (Color) / 0 Lux (Black) @ F1.2
Electronic Shutter	4/25s~1/45,000s
White Balance	Automatic / Manual
Backlight Compensation	Closed / Low / Middle / High / Higher
Strong Inhibition	Support
Color / Material	White
Working Voltage	DC12V 1A
Power Consumption	4W±10%
Work Environment	-20°C_55°C
Installation Environment	Indoor Day and Night
