

AHD-5236WC

Main Features

- 2.0M (1920x1280 pixels) CMOS
- BNC interface, support for the general class of coaxial lossless transmission of up to 75-3 500 meters;
- High-speed, long-distance, real-time transmission; No delay;
- Support IR-CUT Switch, realize the day and night Monitor;

Specification

Product Model	AHD-5236WC
Image sensor	1/3 "CMOS image sensor
Effective Pixels	1920 X 1280
Video Standard	Follow AHD Standard
Video System	PAL/NTSC optional
Video Output	1CH AHD HD
Video Frame Rate	PAL : 1920x1080@25fps NTSC : 1920x1080@30fps
Transmission Max Distance	Common 75-3 coaxial cable transmission of more than 500 Metres
Day-Night	Support the IR - CUT Automatically Switch
Infrared Lamp	36 LED
IR Distance	20-25M
Lens	3.6 mm(Standed)/ 6 mm optional
Mini Illumination	0.1 Lux (Color) / 0 Lux (Black) @ F1.2
Electronic Shutter	4/25s~1/45,000s
White Balance	Automatic / Manual
Backlight Compensation	Closed / Low / Middle / High / Higher
Strong Inhibition	Support
Color / Material	White/Aluminum alloy
Working Voltage	DC12V 1A
Power Consumption	4W±10%
Work Environment	-20°C_55°C
Carton Size/Quantity	54*41*53mm/50Pcs
Installation Environment	Indoor and outdoor
